Be it resolved by the Council of the City of Pittsburgh as follows:

1. The City hereby determines to incur lease rental debt for the purpose of assisting the Authority in carrying out the purposes of the Act by entering into the Supporting Agreement with regard to the Bonds. The City also determines that the realistic estimated useful life of the acquisition portion of the Project is at least 25 years, that the remaining realistic estimated useful life of the facilities financed with the proceeds of the Prior Bonds is as follows:

<u>Prior Bonds</u>	<u>Remaining Realistic Estimated Useful Life of Facilities Financed</u>
Series 1978 C	25
1991 Series A	25
1991 Series B	25
1994 Series A	25
1994 Series B	25
1997 Note	25

The City hereby determines that the estimated cost of the acquisition portion of the Project is \$1,850,000 and that such cost is based upon professional estimates received by the Authority from persons qualified by experience to provide such estimates.

The City further determines that the purpose of the refunding of the Prior Bonds under Section 1101 of the Debt Act is to (a) reduce the annual debt service payable on the Prior Bonds in certain years by extending the life of certain of the Prior Bonds, (b) refund certain maturities of the Prior Bonds or portions thereof to later dates

and (c) adjust the City's payment obligations with respect to the Prior Bonds upon the refunding of the Prior Bonds for the foregoing purposes.

The City directs the Authority to cause the full redemption of the Series 1978C Bonds on September 30, 1999, the 1991 Series A and B Bonds on July 15, 2001, the 1994 Series A and B Bonds on September 1, 2004 and the 1999 Note on September 30, 1999, or, in each case, on such other dates as the Authority hereafter designates.

2. Such debt shall be one-half of the maximum amount of debt service, as set forth on Exhibit "A", representing one-half of the maximum annual principal and one-half of the maximum annual interest on the Bonds and shall be secured by, inter alia, the support obligations of the City pursuant to such Supporting Agreement.

3. The City shall enter into such Supporting Agreement, substantially in the form referred to in Paragraph 5, with the Authority under the terms and provisions of which the City shall provide unconditionally for the benefit of registered owners, from time to time, of the Bonds, full and prompt payment of one-half of the outstanding principal of and one-half of the interest on the Bonds, as such shall be due and payable with respect to the Bonds. The Supporting Agreement shall be for the life of the Bonds and shall set forth terms, conditions, provisions, covenants and agreements to be observed by the City and the Authority.

4. The City shall covenant and agree in the Supporting Agreement and does hereby covenant and agree with the registered owners, from time to time, of the Bonds and with the Authority, that the City: (i) shall include the amounts payable in respect of its support for one-half of the debt service on the Bonds as the maximum amount of such

debt service is set forth in Exhibit "A" pursuant to the Supporting Agreement for each fiscal year in which such sums are payable in its budget for that year; (ii) shall appropriate such amounts from its tax and other general revenues for the payment of such amounts; and (iii) shall duly and punctually pay or cause to be paid from any of its revenues or funds the amounts payable in respect of such amounts, as the dates and places and in the manner stated in the Supporting Agreement according to the true intent and meaning thereof; and, for such budgeting, appropriation and payment in respect of such amounts, the City shall and does pledge its full faith, credit and taxing power. This covenant shall be enforceable specifically.

5. The Supporting Agreement shall not be executed by the Mayor until the County shall have enacted an Ordinance authorizing its execution and delivery of the Supporting Agreement. In addition, the Supporting Agreement shall not be delivered to the Authority until and unless it has been executed by the appropriate officers of the County. The Supporting Agreement shall be substantially in the form presented to this meeting, which form is approved with such changes, if any, as may be approved by the City Solicitor; and a copy of the Supporting Agreement, in the form so presented at this meeting and so approved, shall be filed with the City Clerk and shall be made available for inspection at reasonable times by interested persons requesting such inspection.

7. The Mayor, the City Controller and the City Clerk are authorized and directed to execute, to attest and to deliver the Supporting Agreement, on behalf of the City, substantially in the form approved in Paragraph 5 hereof; subject, however, to applicable provisions of the Debt Act.

8. The Mayor, the City Controller or Deputy City Controller, the City Clerk or other proper officers of the City are authorized and directed to make application to the Department of Community and Economic Development of the Commonwealth of Pennsylvania (the "Department") for approval with respect to the Supporting Agreement, as required by Section 411(b) of the Debt Act; and, in connection with such application, the City shall pay or shall cause to be paid to the Department the filing fee as required by Section 803 of the Debt Act, the payment of which filing fee is authorized and approved. necessary, assuming the maximum debt service requirement on the outstanding Bonds as set forth in Exhibit A which is attached hereto and made part hereof.

10. The supporting obligations of the City, as set forth in the Supporting Agreement in the form referred to in Paragraph 5 shall be payable from the tax and other general revenues of the City.

11. Proper officers of the City are authorized and directed to execute all documents and to do all other acts as may be necessary and proper to carry out the intent and purpose of this Resolution and the undertakings of the City under the Supporting Agreement.

12. Reference in this Resolution to specified officers of the City shall include and shall be construed to include, if and as applicable, their respective successors in office.

13. This Resolution shall become effective in accordance with provisions of the Debt Act.

14. WHEREAS, under the Act, the Urban Redevelopment Authority of Pittsburgh (the "Authority") is legally empowered to prepare a Tax Increment Financing ("TIF") proposal to provide financing for the elimination and prevention of the development or spread of blight within specified tax increment districts located in the City and to present such Proposal to the City for its consideration; and

WHEREAS, the City has previously adopted a resolution endorsing the concept of a TIF plan for financing of certain building and other improvements (the "TIF Project") to be located in a portion of the South Shore Redevelopment Area identified as the Station Square TIF District (the "TIF District"), requesting the Authority to prepare a detailed TIF proposal and designating the City's representative to work with the Authority, the County of Allegheny and the School District of Pittsburgh toward the development and implementation of such a TIF plan; and

WHEREAS, the County and the School District have also adopted resolutions indicating their respective commitments to participate in a TIF financing plan for redevelopment of the TIF District; and

WHEREAS, the Authority, working with the designated representatives of the City, the County and the School District, has adopted and recommended a TIF Plan, in the

form of the Station Square TIF Plan, and in accordance with the requirements of the Act; and

WHEREAS, the Act provides for the cooperation of local taxing bodies in the financing of projects within TIF districts and for the issuance of debt to pay for certain of the costs of implementing such plans; and

WHEREAS, the City is expected to benefit from the use of tax increments to pay certain project costs within the TIF District by stimulation of private investment, increases in property values, creation of employment opportunities and improvement of surrounding properties;

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF PITTSBURGH AS FOLLOWS:

SECTION 1. The Station Square Tax Increment Financing Plan (the "Project Plan") prepared by the Urban Redevelopment Authority of Pittsburgh and filed with the City Clerk for financing of certain building and other improvements within the South Shore Redevelopment Area hereby is adopted substantially in such form.

SECTION 1. Project. The City hereby approves and undertakes as a project the Project. The description of the Project contained in the Recitals to this Resolution is hereby incorporated into this Section by reference as if set out at length. Nothing contained herein prohibits the City Council, upon proper adoption of a resolution and compliance with all provisions of law, from amending, adding to, subtracting from, substituting for or otherwise altering the Project.

SECTION 2. Private Sale upon Invitation. The City Council expresses its

finding that it is in the best financial interests of the City to sell the Bonds at a private sale upon invitation.

SECTION 3. Acceptance of Proposal. The City shall and does accept the Proposal to purchase the Bonds, as evidenced by the sundry "Bid and Price Certificate(s)", presented by the Purchaser to the City and the Bonds shall be and are awarded to the Purchaser at a private sale upon invitation, in accordance with terms and conditions of the Proposal, attached hereto as Exhibit A-1, and incorporated herein by reference as if set out here at length. The proper officers and officials of the City are hereby authorized and directed to execute and deliver an acceptance of the Proposal to the Purchaser. One counterpart of the Proposal shall be filed with the records of the City.

The aggregate price bid for the 1999A Bonds was \$56,230,122.50, plus accrued interest.

The maturities, interest rates and yields are as set forth on Exhibit A-2 hereto and incorporated herein by reference as if set out herein at length.

SECTION 4. Incurrence of Indebtedness. Nonelectoral debt of the City shall be, and it hereby is, incurred in the amount of Fifty-Seven Million, One Hundred and Forty Thousand Dollars (\$57,140,000), being the principal amount of the Bonds, for the purpose of providing funds to pay the cost of the Project.

SECTION 5. Appointment of Paying Agent, Registrar and Sinking Fund Depository. Chase Manhattan Trust Company, National Association, Pittsburgh, Pennsylvania, is hereby appointed Paying Agent ("Paying Agent") and Registrar ("Registrar") for the Bonds and Sinking

Fund Depository ("Sinking Fund Depository") for the 1999 Sinking Fund created hereby. The authorized officers of the City are hereby authorized and directed to contract with such entity for its services as Sinking Fund Depository, Paying Agent, and Registrar, respectively, at such initial and annual charges as shall be appropriate and reasonable for such services. The City may, by Resolution, from time to time appoint a successor Paying Agent, Sinking Fund Depository or Registrar to fill a vacancy or for any other reason.

SECTION 6. Terms of Bonds. The Bonds shall be issued in the form of fully registered Bonds without coupons, in denominations of \$5,000, or any whole multiple thereof. The Registrar for the Bonds shall register such Bonds, in the manner hereinafter set forth.

Each Bond will be initially dated as of December 15, 1999 (the "Dated Date") and thereafter each Bond will be dated as of the date of its authentication and will bear interest (computed on the basis of a 360 day year comprised of twelve months of 30 days) from the March 1 or September 1, as the case may be, next preceding the date of such Bond to which interest has been paid, unless the date of such Bond is a date to which interest has been so paid, in which case from the date of such Bond, or if the date of such Bond is prior to March 1, 2000, in which case from the Dated Date. However, if the City fails to pay the interest due on any interest payment date, then any such Bond shall bear interest from the March 1 or September 1, as the case may be, next preceding the date of such Bond, to which interest has been paid, or if no interest has been paid, from the Dated Date. Interest shall be payable semiannually on March 1 and September 1 of each year beginning March 1, 2000 (each, an "Interest Payment

Date"), until the principal sum thereof is paid.

The person in whose name any Bond is registered at the close of business on any Regular Record Date (as defined below) with respect to any interest payment date will be entitled to receive the interest payable on such Interest Payment Date notwithstanding the cancellation of such Bond upon any transfer or exchange thereof subsequent to such Regular Record Date and prior to such Interest Payment Date, except, if and to the extent that the City fails to pay the interest due on such Interest Payment Date, such defaulted interest will be paid to the persons in whose names outstanding Bonds are registered at the close of business on a date ("Special Record Date") established by the Paying Agent, hereinafter defined. The Paying Agent shall give notice of such Special Record Date to all owners of Bonds not less than ten (10) days prior to such date. The term "Regular Record Date" with respect to any interest payment date means the February 15 or August 15 immediately preceding such Interest Payment Date, whether or not a business day.

The Bonds may be transferred or exchanged only on the bond register (the "Bond Register") of the City maintained at the designated corporate trust office of Chase Manhattan Trust Company, National Association, or its duly appointed successor (the "Registrar", "Paying Agent" and "Sinking Fund Depository"). No transfer or exchange of any Bond will be valid unless made at such office and registered on the Bond Register.

Every Bond presented or surrendered for registration of transfer or exchange must be duly endorsed, or be accompanied by a written instrument of transfer in form and with guaranty of signature satisfactory to the

City and the Paying Agent, duly executed by the registered owner thereof or his duly authorized agent or legal representative. No service charge shall be made for any transfer or exchange of any Bond, but the City may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer or exchange of Bonds. The City shall not be required to: (a) issue, or to register the transfer or exchange of, any Bond during the period beginning at the opening of business on a Regular Record Date and ending on the close of business on the succeeding Interest Payment Date; fifteen (15) business days before any date of selection of Bonds to be redeemed; or (b) register the transfer or exchange of any Bond selected, being called, or called for redemption.

Any portion of a Bond of a denomination larger than \$5,000 may be redeemed, but only in the principal amount of \$5,000 or any integral multiple thereof. Prior to selecting Bonds for redemption, the Paying Agent will assign numbers to each \$5,000 portion of any Bond of a denomination larger than \$5,000 and will treat each portion as a separate Bond in the denomination of \$5,000 for purposes of selection for redemption. Upon surrender of any Bond for redemption of a portion thereof, the Paying Agent will authenticate and deliver to the registered owner a new Bond or Bonds of authorized denominations in an aggregate principal amount equal to the unredeemed portion of the Bond surrendered.

Subject to the provisions relating to payment of interest to owners on the appropriate record date the City and Paying Agent may deem and treat the person in whose name any outstanding registered Bond shall be registered upon the books of

the City as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal and redemption price, if any, of such Bond and for all other purposes and all such payments so made to any such registered owner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid, and neither the City nor Paying Agent shall be affected by any notice to the contrary.

SECTION 7. Payment of Bonds. The principal of and premium, if any, on the Bonds shall be payable at the designated corporate trust office of the Paying Agent or of any successor paying agent appointed by the City, provided that interest will be paid by check mailed to the registered owners of the Bonds as of the appropriate Record Date, unless written request is made by such owner of not less than \$1,000,000 aggregate amount of Bonds for payment by wire transfer of immediately available funds.

All the Bonds issued hereunder shall be negotiable as provided in the Act, subject to the provisions for registration and transfer contained herein and in the Bonds.

If an Interest Payment Date or a maturity date occurs on a day which is not a business day, the interest, principal or premium coming due on such Interest Payment Date or date of maturity shall be payable on the next succeeding business day without any additional accrual of interest.

SECTION 8. DTC. The Bonds shall be issued in the form of one fully registered bond for the aggregate principal amount of the Bonds of each maturity, which Bonds shall be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York

("DTC"). Except as provided below, all of the Bonds shall be registered in the name of Cede & Co., as nominee of DTC; provided that if DTC shall request that the Bonds be registered in the name of a different nominee, the Paying Agent shall exchange all or any portion of the Bonds for an equal aggregate principal amount of Bonds registered in the name of such nominee or nominees of DTC. No person other than DTC or its nominee shall be entitled to receive from the City or the Paying Agent either a Bond or any other evidence of ownership of the Bonds, or any right to receive any payment in respect thereof unless DTC or its nominee shall transfer record ownership of all or any portions of the Bonds on the Bond Register in connection with discontinuing the book entry system as provided below or otherwise.

So long as the Bonds or any portion thereof are registered in the name of DTC or any nominee thereof, all payments of the principal or redemption price of or interest on such Bonds shall be made to DTC or its nominee in immediately available funds on the dates provided for such payments in this Resolution. Each such payment to DTC or its nominee shall be valid and effective to discharge fully all liability of the City or the Paying Agent with respect to the principal or redemption price of or interest on the Bonds to the extent of the sum or sums so paid. In the event of the redemption of less than all of the Bonds outstanding of any maturity, the Paying Agent shall not require surrender by DTC or its nominee of the Bonds so redeemed, but DTC (or its nominee) may retain such Bonds and make an appropriate notation on the Bond certificate as to the amount of such partial redemption; provided that DTC shall deliver to the Paying Agent, upon request, a written confirmation of such partial redemption and thereafter the records maintained by the Paying Agent shall be

conclusive as to the amount of the Bonds of such maturity which have been redeemed.

The City and the Paying Agent may treat DTC (or its nominee) as the sole and exclusive owner of the Bonds registered in its name for the purposes of payment of the principal or redemption price of or interest on the Bonds, selecting the Bonds or portions thereof to be redeemed, giving any notice permitted or required to be given to Registered Owners under this Resolution, registering the transfer of Bonds, obtaining any consent or other action to be taken by Registered Owners and for all other purposes whatsoever; and neither the City nor the Paying Agent shall be affected by any notice to the contrary. Neither the City nor the Paying Agent shall have any responsibility or obligation to any participant in DTC, any person claiming a beneficial ownership interest in the Bonds under or through DTC or any such participant, or any other person which is not shown on the Register as being a Registered Owner, with respect to either: (1) the Bonds; or (2) the accuracy of any records maintained by DTC or any such participant; or (3) the payment by DTC or any such participant of any amount in respect of the principal or redemption price of or interest on the Bonds; or (4) any notice which is permitted or required to be given to Registered Owners under this Resolution; or (5) the selection by DTC or any such participant of any person to receive payment in the event of a partial redemption of the Bonds; or (6) any consent given or other action taken by DTC as Registered Owner.

So long as the Bonds or any portion thereof are registered in the name of DTC or any nominee thereof, all notices required or permitted to be given to the Registered Owners under this Resolution shall be given to DTC as provided in the representation letter to be delivered to DTC, in form and

content satisfactory to DTC and the City, which the Director of Finance is hereby authorized to execute.

In connection with any notice or other communication to be provided to Registered Owners pursuant to this Resolution by the City or the Paying Agent with respect to any consent or other action to be taken by Registered Owners, DTC shall consider the date of receipt of notice requesting such consent or other action as the record date for such consent or other action, provided that the City or the Paying Agent may establish a special record date for such consent or other action. The City or the Paying Agent shall give DTC notice of such special record date not less than 15 calendar days in advance of such special record date to the extent possible.

Any successor Paying Agent shall, in its written acceptance of its duties under this Resolution, agree to take any actions necessary from time to time to comply with the requirements of the representation letter.

The book-entry system for registration of the ownership of the Bonds may be discontinued at any time if either: (1) after notice to the City and the Paying Agent, DTC determines to resign as securities depository for the Bonds; or (2) after notice to DTC and the Paying Agent, the City determines that a continuation of the system of book-entry transfers through DTC (or through a successor securities depository) is not in the best interests of the City. In either of such events (unless in the case described in clause (2) above, the City appoints a successor securities depository), the Bonds shall be delivered in registered certificate form to such persons, and in such maturities and principal amounts, as may be designated by DTC, but without any liability on the part of the City or the Paying Agent

for the accuracy of such designation. Whenever DTC requests the City and the Paying Agent to do so, the City and the Paying Agent shall cooperate with DTC in taking appropriate action after reasonable notice to arrange for another securities depository to maintain custody of certificates evidencing the Bonds.

SECTION 9. Redemption

Provisions. The Bonds shall be subject to redemption prior to maturity at the option of the City in accordance with the terms set forth in the form of the Bonds set forth in Section 10 hereof and according to the exhibit attached hereto and incorporated herein as Exhibit B.

Any redemption of Bonds is required to be made upon notice of redemption given by mailing a notice by first class mail, postage prepaid, not less than thirty (30) nor more than sixty (60) days prior to the redemption date to the registered owners of Bonds to be redeemed at the addresses which appear in the Bond Register. Neither failure to mail such notice nor any defect in the notice so mailed or in the mailing thereof with respect to any one Bond will affect the validity of the proceedings for the redemption of any other Bond. If the City shall have duly given notice of redemption and shall have deposited with the Paying Agent funds for the payment of the redemption price of the Bonds so called for redemption with accrued interest thereon to the date fixed for redemption, interest on such Bonds will cease to accrue after such redemption date.

Such notice shall state the redemption date, the redemption price and shall identify the Bonds being redeemed.

SECTION 10. Bond Form. The form of the Bond shall be substantially as follows:

December 15, 1999 % September 1, _____

City of Pittsburgh, a local government unit situated in Allegheny County, Commonwealth of Pennsylvania (the "City"), for value received, and intending to be legally bound, promises to pay to the registered owner stated above (the "Registered Owner") the Principal Amount stated above on the Maturity Date stated above, unless this Bond shall be redeemable and duly shall have been called for previous redemption and payment of the redemption price shall have been made or provided for, upon presentation and surrender of this Bond at the designated corporate trust office of Chase Manhattan Trust Company, National Association (the "Paying Agent"), and to pay semiannually on March 1 and September 1 of each year (each, an "Interest Payment Date"), commencing on March 1, 2000, to the Registered Owner hereof, interest (computed on the basis of a 360-day year comprised of twelve months of 30 days) on said Principal Amount, until said sum is paid or provided for, at the rate per annum stated hereon, from the Interest Payment Date next preceding the date of registration and authentication of this Bond, unless: (a) such Bond is registered and authenticated as of an Interest Payment Date, in which event such Bond shall bear interest from such Interest Payment Date; or (b) such Bond is registered after a Regular Record Date (as defined

hereinafter) and before the next succeeding Interest Payment Date, in which event such Bond shall bear interest from such Interest Payment Date; or (c) such Bond is registered and authenticated on or prior to the Regular Record Date preceding March 1, 2000, in which event such Bond shall bear interest from the Dated Date; or (d) as shown by the records of the Paying Agent, interest on such Bond shall be in default, in which event such Bond shall bear interest from the date on which interest was last paid on such Bond or if no interest has been paid, from the Dated Date.

The principal of, premium, if any, and interest on this Bond are payable in such coin or currency of the United States of America as at the time and place of payment is legal tender for payment of public and private debts, at the designated corporate trust office of the Paying Agent; provided that, interest will be paid by check mailed to the person who is the Registered Owner on the appropriate record date at his address as it appears on the Bond Register described below, unless written request is made by such owner of not less than \$1,000,000 aggregate amount of the Bonds for payment by wire transfer of immediately available funds.

This Bond is one of a duly authorized issue of bonds entitled "City of Pittsburgh, Pennsylvania, General Obligation Bonds, (Composite) Series A of 1999" (the "Bonds") of like tenor (except as to rate of interest, date of maturity and provisions for redemption) amounting in the aggregate to the sum of Fifty-Seven Million, One Hundred and Forty Thousand Dollars (\$57,140,000) and issued in accordance with the Local Government Unit Debt Act, as codified by the Act of December 19, 1996, P.L. 1158, No. 177 (the "Debt Act"), without the assent of the electors, and pursuant to a

Resolution of the City duly adopted by the City Council thereof and approved by the Mayor and duly recorded and published in the manner required by law (the "Resolution").

Interest payable on any Interest Payment Date will be paid to the Registered Owner in whose name this Bond is registered at the close of business on the February 15 or August 15 (whether or not a business day) (the "Regular Record Date") immediately preceding the relevant Interest Payment Date. Any such interest which is not deposited with the Paying Agent on or before any such Interest Payment Date for payment to the Registered Owner on the Regular Record Date shall forthwith cease to be payable to the Registered Owner on the Regular Record Date, and shall be paid to the person in whose name this Bond is registered on a special record date for the payment of such defaulted interest to be fixed by the Paying Agent, notice of which shall be given to all Registered Owners not less than 10 days prior to such special record date.

The Bonds maturing after September 1, 2009 are subject to redemption at the option of the City prior to their stated Maturity Dates, as a whole or in part from time to time, by lot within a maturity, on September 1, 2009 and on any date thereafter, upon payment of the Redemption Price of 100% of the principal amount thereof, together with interest accrued to the date fixed for redemption.

If less than all Bonds maturing on any one date are to be redeemed at any time, the Bonds to be called for redemption at such time shall be chosen by the Paying Agent.

Notice of redemption of any Bond shall be given to the registered owner of such

Bond by first class mail, not less than thirty (30) days nor more than sixty (60) days prior to the redemption date, in the manner and upon the terms and conditions set forth in the Resolution. A portion of a Bond of a denomination larger than \$5,000 may be redeemed, and in such case, upon the surrender of such Bond, there shall be issued to the registered owner thereof, without charge therefor, a Bond or Bonds for the unredeemed balance of the principal amount of such Bond, all as more fully set forth in the Resolution. If notice of redemption shall have been duly given, the Bonds or portions thereof specified in that notice shall become due and payable at the applicable redemption price on the redemption date designated in that notice, and if, on that redemption date, moneys are held by the Paying Agent or the Sinking Fund Depository for the payment of the redemption price of the Bonds to be redeemed, together with interest to the redemption date, then from and after the redemption date, interest on such Bonds shall cease to accrue.

The City, pursuant to recommendations made by the Committee on Uniform Security Identification Procedures ("CUSIP"), has caused CUSIP numbers to be printed on the Bonds, and has directed the Paying Agent to use such numbers in notices, if any, as a convenience to the Registered Owners of the Bonds. No representation is made by the City as to the accuracy of such numbers either as printed on the Bonds or as contained in any notice and reliance may be placed only on the description printed hereon.

This Bond may be transferred or exchanged only on the registration books (the "Bond Register") maintained by the City at the designated corporate trust office of the Paying Agent upon surrender hereof by the Registered Owner at such office duly

endorsed by, or accompanied by a written instrument of transfer duly executed by, the Registered Owner or his duly authorized agent or legal representative, in each case, in form and with a guaranty of signature satisfactory to Paying Agent.

No service charge shall be made for any transfer or exchange of any Bond, but the City may require payment of any required tax, fee or other governmental charge that may be imposed in connection with any transfer or exchange of Bonds.

Subject to the provisions of this Bond and of the Resolution relating to payment of interest, the City and the Paying Agent may treat the Registered Owner of this Bond as the absolute owner hereof, for all purposes, whether or not this Bond shall be overdue, and neither the City nor the Paying Agent shall be affected by any notice to the contrary.

No recourse shall be had for the payment of the principal of, premium, if any, or interest on this Bond, or for any claim based hereon or on the Resolution against any member, officer or employee, past, present or future, of the City or of any successor body, as such, either directly or through the City or any such successor body, under any constitutional provision, statute or rule of law, or by the endorsement of any assessment or by any legal or equitable proceeding or otherwise, and all such liability of such members, officers or employees is released as a condition of and as consideration for the issuance of this Bond.

It is hereby certified that the approval of the Department of Community and Economic Development of the Commonwealth of Pennsylvania for the City to issue and deliver this Bond has been duly

given pursuant to the Act; that all acts, conditions and things required by the laws of the Commonwealth of Pennsylvania to exist, to have happened or to have been performed, precedent to or in the issuance of this Bond or in the creation of the debt of which this Bond is evidence, exist, have happened and have been performed in regular and due form and manner as required by law; that this Bond, together with all other indebtedness of the City, is within every debt and other limit prescribed by the Constitution and the statutes of the Commonwealth of Pennsylvania and applicable to the City; and that the City has established with the Paying Agent, as Sinking Fund Depository, a sinking fund for the Bonds and has agreed to deposit therein amounts sufficient to pay the principal of, premium, if any, and interest on the Bonds as the same shall become due and payable.

This Bond is hereby declared to be a general obligation of the City. The City, in the Resolution authorizing the issuance of the Bonds, has covenanted with the Registered Owners, from time to time, of the Bonds that the City will provide in its budget in each year, and will appropriate from its general revenues in each such year, the amount required to pay debt service on the Bonds and to make any other required sinking fund payments for each such year. The City further covenants that, from the sinking fund for the Bonds established therein, or from any other of its revenues or funds, it will pay or cause to be paid the principal of every Bond and the interest thereon at the dates and place and in the manner stated in the Bonds. For such budgeting, appropriation and payment, the City does hereby irrevocably pledge its full faith, credit and taxing power. This covenant is specifically enforceable. This Bond is entitled to such other security as is provided in the Resolution.

This Bond shall not be entitled to any benefit under the Resolution or become valid or obligatory for any purpose until it shall have been authenticated by the Certificate of the Paying Agent endorsed hereon.

IN WITNESS WHEREOF, the City has caused this Bond to be signed in its name by facsimile signatures of the Mayor and the facsimile of the corporate seal thereof to be hereunto affixed, duly attested by the facsimile signature of the City's Director of Finance and to be countersigned by the facsimile signature of the City Controller or Deputy City Controller.

In case of the absence or disability of any such official, the Bonds shall be signed by the City official authorized by law or by resolution of City Council to act in his place. The Director of Finance of the City is hereby authorized and directed to deliver said Bonds to the Purchaser or in such other place as the Purchaser shall request, at the Purchaser's expense and receive payment therefor on behalf of the City after sale of the Bonds in the manner required by law and this Resolution.

The Bonds shall be authenticated by the manual execution of the Certificate of Authentication by a duly authorized officer of the Paying Agent. No Bond shall be valid until such Certificate of Authentication shall

have been duly executed by the Paying Agent and such authentication shall be conclusive and the only proof that a Bond has been issued pursuant to this Resolution and is entitled to the benefits conferred thereon under the provisions of this Resolution.

SECTION 12. General Obligation Covenant. The Bonds are hereby declared to be general obligations of the City and are payable from its tax and other general revenues including ad valorem taxes levied without limit as to rate or amount on all taxable real property located in the City. The City hereby covenants with the registered owners from time to time of the Bonds outstanding pursuant to this Resolution that it will provide in its budget in each year, and will appropriate from its general revenues in each such year, the amount required to pay debt service on the Bonds and to make any other required sinking fund payments for each such year. The City further covenants that, from the sinking fund for the Bonds established therein, or from any other of its revenues or funds, it will pay or cause to be paid the principal of every Bond and the interest thereon, as applicable, at the dates and place and in the manner stated in the Bonds. For such budgeting, appropriation and payment, the City does hereby irrevocably pledge its full faith, credit and taxing power. The specific amount of the debt service which the City hereby covenants to pay on the Bonds in each year is shown on Exhibit C-1 which is attached hereto and incorporated herein by reference as if set out here at length. As provided in the Debt Act, the foregoing covenants are specifically enforceable.

SECTION 13. Disposition of Proceeds. The Director of Finance shall deposit the net proceeds (including accrued interest, if any) derived from the sale of the

Bonds into the Project Fund of the City, and may transfer such amount of the proceeds to such other City account(s) or fund(s) as may be appropriate. Upon written directions from the Director of Finance delivered at the time of the closing of the issuance of the Bonds, Bond proceeds equal to the amount of accrued interest, if any, shall be transferred to the Series A of 1999 Bonds Sinking Fund.

Thereafter, all expenses incurred in connection with the issuance of the Bonds are authorized and directed to be paid from the proceeds of the Bonds and the proper officers and officials are authorized and directed to approve requests for payment of such expenses and to pay such expenses as detailed in Exhibit D hereto.

The Director of Finance is further directed to invest the proceeds of the Bonds in the manner of a reasonably prudent investor, seeking to maximize investment returns in order to further the acquisition of the Project while maintaining adequate regard for the safety of capital, and complying with applicable law. Such investments may include one or more guaranteed investment contracts or other agreements for the purchase of qualified investments, as proposals for the same may be obtained by the Investment Bidding Agent and approved by Investment Counsel.

SECTION 14. Series A of 1999 Bonds Sinking Fund. (a) There is hereby established a sinking fund to be known as City of Pittsburgh, Pennsylvania Series A of 1999 Bonds Sinking Fund ("Series A of 1999 Bonds Sinking Fund") into which the City covenants to deposit, and into which the Treasurer is hereby authorized and directed to deposit (i) on or before March 1, 2000, and on or before each Interest Payment Date thereafter to and including September 1,

2024, amounts sufficient to pay the interest due on such dates on the Bonds then outstanding, and (ii) on or before September 1, 2002, and on or before each September 1 thereafter to and including September 1, 2024, amounts sufficient to pay the principal of the Bonds due on each such date at maturity. Should the amounts covenanted to be paid into the Series A of 1999 Bonds Sinking Fund be, at any time, in excess of the net amounts required at such time for the payment of interest and principal, whether by reason of funds already on deposit in the Series A of 1999 Bonds Sinking Fund or by reason of the purchase or redemption of Bonds, or for some similar reason, the amounts covenanted to be paid may be reduced to the extent of the excess.

(b) The City may satisfy any part of its obligations with respect to clause (a)(ii) by delivering to the Sinking Fund Depository, for cancellation, Bonds maturing on the date on which such deposit is required. The City shall receive credit against such deposit for the face amount of the Bonds so delivered, provided that such Bonds are delivered to and received by the Sinking Fund Depository on or before the maturity date of the Bonds for which credit is requested.

(c) All sums in the Series A of 1999 Bonds Sinking Fund shall be applied exclusively to the payment of principal, premium, if any, and interest covenanted to be paid by Section 12 hereof as the same from time to time become due and payable and the balance of said moneys over and above the sum so required shall remain in the Series A of 1999 Bonds Sinking Fund, to be applied to the reduction of future required deposits. The Series A of 1999 Bonds Sinking Fund shall be kept as a separate account at the designated corporate trust office of the Sinking Fund Depository. The

Sinking Fund Depository, without further authorization other than as herein contained, shall pay from the moneys in the Series A of 1999 Bonds Sinking Fund, the interest on the Bonds as and when due to the Registered Owners as of the appropriate Record Date and principal of the Bonds, as and when the same shall become due, to the Registered Owners thereof.

(d) Notwithstanding the foregoing, in the case of optional redemption of any or all of the Bonds as permitted by Section 9 hereof, the Treasurer is hereby authorized and directed to deposit from time to time before the appropriate optional redemption date funds which shall be sufficient when they, either alone or together with the interest to be earned thereon, if any, will equal the principal of the Bonds so called for redemption and the premium, if any, and the interest thereon to the date fixed for redemption.

SECTION 15. Paying Agent, Registrar, Sinking Fund Depository. The Mayor and the City Controller are hereby authorized and directed (1) to contract with Chase Manhattan Trust Company, National Association, of the City of Pittsburgh, Pennsylvania, for its services as Paying Agent and Registrar for the Bonds at such annual charges as shall be reasonable for such services, (2) to direct Chase Manhattan Trust Company, National Association to authenticate the Bonds, and (3) to contract with Chase Manhattan Trust Company, National Association for its services as Sinking Fund Depository in connection with the Sinking Fund created pursuant to Section 14 of this Resolution.

The City may, by resolution, from time to time, appoint a successor Paying Agent, Sinking Fund Depository or Registrar to fill a vacancy or for any other reason.

SECTION 16. Filing with Department of Community and Economic Development. It is declared that the net nonelectoral debt of the City to be incurred hereby, together with all presently existing net debt of the City, will not be in excess of the constitutional limitations as set forth in the Act. The Mayor, City Controller, the Director of Finance, and the City Clerk, or any duly appointed successors or acting officers as the case may be are hereby authorized and directed to prepare, verify and file the necessary documentation required by the Debt Act and to submit the same, including the Debt Statement and Borrowing Base Certificate required by the Debt Act and the necessary filing fee, to the Department of Community and Economic Development, pursuant to and in conformity with the Debt Act, as promptly as practicable, and to do and perform all other acts proper and necessary in connection therewith.

SECTION 17. Payment of Expenses. All costs and expenses incurred in connection with the issuance of the Bonds shall be paid out of the proceeds derived from the issuance of the Bonds deposited in the Project Fund and the proper officers and official are authorized to sign and deliver request for payment of such expenses as detailed in Exhibit D attached hereto.

SECTION 18. Official Statement. The Preliminary Official Statement, dated November 1, 1999 (the "Preliminary Official Statement"), prepared with respect to the Bonds is hereby approved. The Controller and the Director of Finance are hereby authorized to execute and approve a Final Official Statement relating to the Bonds provided that the Final Official Statement shall have been approved by the City's Solicitor. The distribution of the Preliminary Official Statement is hereby ratified and the

Purchaser is hereby authorized to use the Preliminary Official Statement and the Final Official Statement in connection with the sale of the Bonds. The City hereby designates and certifies the Preliminary Official Statement as "deemed final" for the purposes of Rule 15c2-12(b) ("Rule 15c2-12(b)") of the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended, and agrees to take such other appropriate action as shall be necessary to facilitate compliance by the Purchaser with Rule 15c2-12(b).

SECTION 19. Tax Covenants. The City hereby covenants with the Registered Owners, from time to time, of the Bonds that no part of the proceeds of the Bonds will be used, at any time, directly or indirectly, in a manner which, if such use had been reasonably expected on the date of issuance of the Bonds, would have caused the Bonds to be arbitrage bonds within the meaning of Section 148 of the Internal Revenue Code of 1986 ("Code") and the Regulations thereunder proposed or in effect at the time of such use and applicable to the Bonds, and that it will comply with the requirements of that section, and all other applicable sections of the Code and the Regulations, throughout the term of the Bonds.

If the gross proceeds of the Bonds are invested at a yield greater than the yield on the Bonds and are not expended within six months from the date of issuance, or within such other temporal limitations as would entitle the City to an exemption from rebate, the City covenants that it will rebate to the U.S. Treasury, at the times and in the manner required by the Code, all investment income derived from investing the proceeds of the Bonds in an amount which exceeds the amount which would have been derived from the investment of the proceeds of the Bonds

at a yield not in excess of the yield on the Bonds.

The City will file IRS Form 8038-G and any other forms or information required by the Code to be filed in order to permit the interest on the Bonds to be excluded from gross income tax for federal income tax purposes.

SECTION 20. Advertising. The action of the officers of the City in advertising a summary of this Resolution, as required by law, is ratified and confirmed. The officers of the City or any of them, are authorized and directed to advertise a notice of adoption of this Resolution in a newspaper of general circulation in the City within fifteen (15) days after final adoption. The City Clerk is hereby directed to make a copy of this Resolution available for inspection by any citizen during normal office hours.

SECTION 21. General Authorization. The proper officers of the City are hereby authorized and directed to prepare, execute and deliver all other certificates, documents and instruments and to take such other action as may be necessary or appropriate in order to effectuate the sale, issuance, execution and delivery of the Bonds.

SECTION 22. Cost and Realistic Useful Lives; Debt Structure. The cost of the Project is at least equal to the principal amount of the Bonds.

The City hereby determines that the weighted average useful life of all the capital projects listed in the preamble to this Resolution exceeds twenty-five (25) years and is in accord with the requirements set forth in Section 8103 of the Debt Act.

The principal amortization of the Bonds has been arranged such that the debt service on all of the nonelectoral debt of the City is generally level, on an annual basis, over the term of the Bonds, as demonstrated by the schedule attached as Exhibit C-2 hereto, and incorporated by reference herein.

SECTION 23. Purchase of Insurance.

The City hereby agrees to purchase and hereby accepts the commitment of Financial Guaranty Insurance Company ("FGIC") (the "Insurer") to issue a municipal bond insurance policy (the "Policy") insuring the Bonds; the appropriate premium is hereby directed to be promptly paid at the settlement of the sale of the Bonds. A legend indicating the existence of such Policy shall be printed on those maturities of the Bonds in the form required by the Insurer. In order to have accrued interest paid by the Purchaser excluded from the calculation of the premium, the City may cause the amount paid as accrued interest, to the extent required by the Insurer, to be invested in direct obligations of the United States of America and maintained in the Series A of 1999 Bonds Sinking Fund until applied to the payment of interest on the Bonds. All terms and conditions required to be contained in this Resolution by the terms of the commitment are incorporated herein by reference with the same effect as if set out at length.

SECTION 24. Disclosure Covenants.

(a) In accordance with Rule 15c2-12 (the "Rule") promulgated under the Securities Exchange Act of 1934, as amended, the City hereby covenants, with and for the benefit of the holders and beneficial owners (which shall include any person or entity that has a pecuniary interest in any of the Bonds) from time to time of the Bonds, to provide each nationally recognized municipal securities information repository (within the meaning

of the Rule) ("NRMSIR") and to the appropriate state information depository (within the meaning of the Rule) in Pennsylvania, if any ("SID"), on an annual basis, its annual General Purpose Financial Statements presented in conformity with generally accepted accounting principles (the "Financial Statements"), together with updates of the tabular information appearing in Appendix B to the Final Official Statement with respect to the Bonds (to the extent not included in the Financial Statements), commencing with the Financial Statements and tabular information for the fiscal year ending in 1999. The Financial Statements and tabular information shall be provided within 210 days after the end of each fiscal year. If the Financial Statements are not independently audited, the City shall also provide independently audited Financial Statements when and if available. The City hereby also covenants, with and for the benefit of the holders and beneficial owners from time to time of the Bonds, to provide each NRMSIR, or to the Municipal Securities Rulemaking Board ("MSRB"), and to the SID (A) prompt notice of a failure to provide the Financial Statements, the tabular information or any audited Financial Statements in a timely manner and (B) prompt notice of any of the following events with respect to the Bonds, if such event is material within the meaning of the Rule: (i) principal and interest payment delinquencies, (ii) non-payment related defaults, (iii) unscheduled draws on debt service reserves reflecting financial difficulties, (iv) unscheduled draws on credit enhancements reflecting financial difficulties, (v) substitution of credit or liquidity providers or their failure to perform, (vi) adverse tax opinions or events affecting the tax-exempt status of the Bonds, (vii) modifications to rights of the holders of the Bonds, (viii) unscheduled Bond calls, (ix) defeasances, (x) release, substitution or sale or property

securing payment of the Bonds and (xi) rating changes.

(b) The City's covenants in the immediately preceding paragraph shall terminate upon legal defeasance, or other arrangement whereby the City is released from any further obligations with respect to the Bonds, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the City shall give prompt notice of such termination to each NRMSIR, or the MSRB, and to the SID.

(c) The proper officer or officers of the City are hereby authorized in the name and on behalf of the City to amend or terminate, in whole or in part, any of the foregoing covenants in this Section, without the consent of the holders or beneficial owners of the Bonds, provided that (A) the amendment requires the City to provide more information than was required by this Section prior to the amendment, without diminishing in any way the obligations of the City to provide information hereunder as required by this Section prior to the amendment, or (B) the following conditions are satisfied; (i) the amendment or termination is in connection with a change in circumstances that arises from a change in or clarification of legal requirements, change of law, or change in the identity, nature or status of an obligated person (within the meaning of the Rule) with respect to the Bonds, or the type of business conducted; (ii) such covenants, as amended, would, in the opinion of independent nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and (iii) the amendment or termination either (a) is

approved by the holders of the Bonds in the same manner as provided in the Debt Act for modifications of this Resolution with the consent of such holders or (b) does not, in the opinion of independent nationally recognized bond counsel, materially impair the interests of the holders or beneficial owners of the Bonds. The City shall give prompt notice of any such amendment or termination to each NRMSIR, to the MSRB and to the SID. In addition, the City shall describe such amendment in the next submission of Financial Statements and shall include, as applicable, a narrative explanation of the reason for the amendment and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being provided by the City. If the amendment relates to the accounting principles to be followed in preparing the Financial Statements, (A) the City shall give prompt notice of such change to each NRMSIR, or the MSRB, and to the SID and (B) the Financial Statements for the year in which the change is made shall present a comparison (in narrative form and also, if feasible, in quantitative form) between the Financial Statements as prepared on the basis of the new accounting principles and the Financial Statements prepared on the basis of the former accounting principles.

(d) The sole remedy for a breach by the City of any of the covenants in this Section shall be an action to compel performance of such covenant. Under no circumstances may monetary damages be assessed or recovered or payment of the Bonds be accelerated, nor shall any such breach constitute a default under the Bonds. Nothing in this Section is intended as or shall be deemed a "provision of the Bonds" for the purposes of the Debt Act.

SECTION 25. Appointment of Professionals. The City hereby appoints Thorp Reed & Armstrong, LLP, as Bond Counsel, Deopken Keevican & Weiss Professional Corporation, and R. Darryl Ponton and Associates, as Co-Disclosure Counsel, Grant Street Advisors, as Financial Advisor to the City, The Chapman Company, as Investment Bidding Agent, Zions First National Bank, as Clearing Agent and Network Printing Services, as the printer of the Preliminary and Final Official Statement, with respect to the Bonds.

The City hereby approves, and authorizes and directs the execution and delivery of, the Clearing Services Agreement with the Clearing Agent, pursuant to which the Clearing Agent has obtained the right to present one or more proposals for the purchase of the Bonds to the City, on behalf of and as agent for sundry purchasers, and has agreed, in consideration of such assigned right and of its fees to be paid by the City, to effect payment for, and settlement, delivery and clearance of, the Bonds on the date of closing.

SECTION 26. Severability. In the event any provision, section, sentence, clause or part of this Resolution is determined by a court of competent jurisdiction to be invalid and unenforceable, such determination shall not affect the validity or effect of the remaining provisions hereof.

SECTION 27. Final Enactment. It is hereby authorized and directed pursuant to the Act that this Resolution shall become valid and effective on the fifth day after the Notice of Final Enactment has been published in a newspaper of general circulation in the City, said Notice of Final Enactment to be published no later than fifteen (15) days after the adoption of the Resolution.

SECTION 28. Conflict. Any Resolution or Ordinance or part thereof conflicting with the provisions of this Resolution is hereby repealed so far as the same affects this Resolution.

No. 763. Resolution approving a Conditional Use exception under Section 911.04.A.64 of the Pittsburgh Code, Title Nine, Zoning, Article V, Chapter 911 to Winchester-Thurston School for authorization to use an existing 2-story residential structure as administrative offices for Winchester-Thurston School, located at 5001 Bayard Street on property zoned "RT-2" Residential Two-Unit, Low Density District, 7th Ward.

WHEREAS, the Planning Commission of the City of Pittsburgh has made certain

findings with regard to the conditional use application for the proposed school offices located at 5001 Bayard Street.

WHEREAS, the Planning Commission for the City of Pittsburgh has recommended approval of this application for Conditional Use;

WHEREAS, City Council has reviewed the record of the Planning Commission and herewith adopts the findings and recommendation of the Planning Commission.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Pittsburgh as follows:

SECTION 1. Upon a review of the record as provided by the Planning Commission of the City of Pittsburgh, it is herewith affirmed that the proposed school offices located at 5001 Bayard Street have properly met the Standards as provided in the Pittsburgh Code, Section 922.06.E.1 and that the following criteria was considered:

- a. That the development will not create detrimental visual impacts, such that the size and visual bulk of the proposed development is determined to create an incompatible relationship with the surrounding built environment, public streets and open spaces and land use patterns;
- b. That the development will not create detrimental transportation impacts, such that the proposed development is determined to adversely affect the safety and convenience of residential neighborhoods or vehicular and pedestrian circulation in the vicinity of the subject tract, including traffic reasonably expected to be generated

by the proposed use and other uses in the area given the existing zoning, existing land uses and proposed land uses in the area;

- c. That the development will not create detrimental transportation impacts, such that the proposed development will result in traffic volumes or circulation patterns that exceed the capacity of streets and intersections likely to be used by traffic to and from the proposed development;
- d. That the development will not create detrimental operational impacts, including potential impacts of hours of operation, management of traffic, servicing and loading operations, and any on-site operations associated with the ongoing functions of the use of the site, in consideration of adjacent and surrounding land uses which may have differing sensitivities to such operational impacts;
- e. That the development will not create detrimental health and safety impacts, including but not limited to potential impacts of noise, emissions, or vibrations from the proposed development, or functions within the proposed site which would otherwise affect the health or safety of others as a direct result of the operation of the proposed use;
- f. That the development will not create detrimental impacts on the future and potential development of parcels in the vicinity of the proposed site of the development; and
- g. That the development will not create detrimental impacts on property values.

SECTION 2. It is further stated that the following findings of the Planning Commission are herewith adopted:

- a. The proposed use will not create detrimental visual impacts as it is to be located in an existing structure, nor will it create an incompatible relationship with the surrounding built environment, public streets and open spaces and land use patterns;
- b. The proposed use will not create detrimental transportation impacts such that the use is determined to adversely affect the safety and convenience of residential neighborhoods or vehicular and pedestrian circulation in the vicinity of the site, since there will be no increase in school employees or enrollment resulting from the use and therefore no additional traffic will be generated;
- c. The proposed use will not create detrimental transportation impacts such that the proposed use will result in traffic volumes or circulation patterns that exceed the capacity of streets and intersections since no additional traffic will be generated and employees at the site will park at the location where they presently do so;
- d. The proposed use will not create detrimental operational impacts on adjacent and surrounding land uses since the proposed use is an office function and is a relocation of the same use from the adjacent school site;
- e. The proposed use will not create detrimental health and safety impacts

on surrounding properties since it is a school office in an existing structure;

- f. The proposed use will not create detrimental impacts on the future and potential development of parcels in the vicinity as it is a school office use in a residential-type structure. An abutting vacant lot is also owned by the school and all other surrounding property contains residential use, except for the existing school.
- g. The proposed use in an existing structure will not create detrimental impacts on property values.

SECTION 3. Under the provisions of Section 911.04.A.64 of the Pittsburgh Code, approval is hereby granted to Winchester-Thurston School for authorization to use the existing 2-story structure located at 5001 Bayard Street, as administrative offices for Winchester-Thurston School on property zoned "RT-2" Residential Two-Unit Low Density, 7th Ward, City of Pittsburgh, in accordance with Conditional Use Application No. 691 and accompanying Site/Survey Plan filed by Cherie H. 1. that the use of the property for office purposes be limited to use by Winchester Thurston School;
2. that from and after the transfer of the property by Winchester Thurston School to any third party, the sole permitted use of the property be for Single-Family Residential purposes;
3. that no enlargement or alteration of the exterior of the structure on the property be permitted; and

Such changes include but are not limited to the provision of instrument flight capabilities, change in type of fuel used, use of vertical takeoff/landing craft other than helicopters, use of helicopters larger than for which the pad was designed applying PennDOT and FAA design criteria, or use of helicopters which produce an increase of 3db in noise levels, measured at a 400 foot distance, over the craft previously used at the site.

(l) A helicopter landing area shall maintain a log of all arrivals and departures indicating time of arrival, time of departure, operator and owner. A helicopter medical private use landing area shall maintain a log of all arrivals and departures indicating time

No. 22. An Ordinance supplementing the Pittsburgh Code, Title One, Administrative, Article VII, Procedures, Chapter 161, Contracts, by adding Section 161.30 -- Requiring Contractors and Employers of employees hired to staff hospitality operations to be signatory to collective bargaining agreements where the City of Pittsburgh has a financial or proprietary interest.

WHEREAS, The City of Pittsburgh has a financial or proprietary interest in certain capital projects which may include hospitality operations such as hotels, motels, restaurants, bars, clubs, and food and beverage operations. It is anticipated that the revenues generated by these operations will be used in part to defray the public costs incurred in the construction and maintenance of such capital projects as well as to fund lease, rental or license payments to the City. It is essential that these operations be conducted efficiently and without interruption and that no labor disputes affecting such operations may impact the revenues of other parts of such capital projects, which would in turn adversely affect the revenue stream to government. The City has found that the efficient and uninterrupted operation of hospitality services may be threatened by labor disputes, and has found the only way to avoid this problem is by requiring Contractors and Employers of employees hired to staff hospitality operations to be signatory to collective bargaining agreements or other contracts under 29 U.S.C. sec. 185 (a) with respect to the employees who will staff hospitality operations in capital projects, which contracts prohibit the union and its

members, and in the case of collective bargaining agreements, all employees covered by such agreements, from engaging in picketing, work stoppages, boycotts or other economic interference with the business of said Contractors and Employers of hospitality operations or persons under contract to Contractors for the duration of the Contractors' or Employers' respective contracts with the City, and provide instead for alternative dispute resolution for all employment disputes including unresolved negotiations. Such contracts are the only method of insuring continuous provision of services under City contracts because under federal law, Employers may not unilaterally prohibit unions or their employees from engaging in work stoppages.

THE COUNCIL OF THE CITY OF PITTSBURGH HEREBY ENACTS AS FOLLOWS:

SECTION 1. The Pittsburgh Code, Title One, Administrative, Article VII, Procedures, Chapter 161, Contracts, is hereby supplemented by adding Section 161.30, as follows:

161.30 -Requiring Contractors and Employers of employees hired to staff hospitality operations to be signatory to collective bargaining agreements where the City of Pittsburgh has a financial or proprietary interest.

A. UNION CONTRACTS: NO WORK STOPPAGE: ARBITRATION.

Each and every Contractor and Employer of employees hired to staff hospitality operations shall be or become signatory to valid collective bargaining agreements or other contracts under 29 U.S.C. Section 185 with any labor

organization seeking to represent Hospitality Workers employed in the Contractor's and/or Employer's Hospitality Operations in a Capital Project as a condition precedent to its contract with the City of Pittsburgh. Each collective bargaining agreement or contract must contain a provision prohibiting the labor organization and its members, and in the case of a collective bargaining agreement, all employees covered by the agreement, from engaging from any picketing, work stoppages, boycotts or any other economic interference with the Hospitality Operations of Contractor or any persons under contract to it for the duration of the time required for the repayment of public indebtedness incurred to finance the acquisition or development of such Capital Project, or for the duration of Contractor's contract or contracts with the City for the operation of such Capital Project, whichever period of time is more extensive (the "No-Strike Pledge"). Each agreement must provide that during this time period, all disputes relating to employment conditions or the negotiation thereof shall be submitted to final and binding arbitration. Each and every Contractor and Employer of employees hired to staff Hospitality Operations shall require that any work under its contract or contracts with the City to be done by the Contractor's or Employer's contractors, subcontractors, tenants or subtenants shall be done under collective bargaining agreements or other contracts under 29 U.S.C. Section 185 containing the same provisions as specified above. BE IT RESOLVED BY THE COUNCIL OF THE CITY OF PITTSBURGH AS FOLLOWS:

SECTION 1. Title Nine, Zoning, of the Pittsburgh Code, Chapter 908, Public Realm Districts, is hereby amended as follows:

Revise Chapter 908 as follows:

908.01 General

908.01.A Purpose

In recognition of the strategic importance of specific Areas, Pathways and Places within the city which possess distinctive characteristics and which have city-wide or regional importance, or have the potential to develop such importance, the Public Realm District regulations are intended to provide a framework to:

1. Identify significant Areas, Pathways and Places with unique and distinctive characteristics;

2. Preserve and enhance qualities which contribute to district identity and to its public nature;

3. Encourage development which is consistent with and enhances the distinctive characteristics of the district;

4. Address the impacts of larger scale development within the districts in the surrounding residential and commercial areas.

908.01.B Overview of Public Realm District Regulations

Public Realm Districts address land use and development issues that are unique to specific areas of the city. Public Realm Districts and their subdistricts provide a means of modifying otherwise applicable zoning regulations for specific areas of the city that are the subject of special plans or studies. Because Public Realm Districts are meant to carry out area-specific objectives, they shall be designated as either a base zoning district or overlay zoning provisions.

908.01.C Applicability of Public Realm District Regulations

Public Realm District regulations apply in combination with all other applicable standards and requirements of this Code. When standards of a Public Realm District or smaller subdistrict conflict with other standards of this Code, the regulations of the Public Realm District/subdistrict shall always control. When no Public Realm District standards are specified, all otherwise applicable regulations of this Code shall control.

908.01.D Establishment of Public Realm Districts

1. The City Council may designate Public Realm Districts/subdistricts upon the request of the City Planning Commission in accordance with the provisions of Sec. 922.05, Zoning Map and Text Amendments.

2. A Public Realm District shall possess unique qualities and characteristics that distinguish it from other districts within the city and enable it to be considered a city asset.

3. At the time of establishment of a Public Realm District, the City Council shall, upon recommendation from the City Planning Commission:

- (a) Delineate the boundaries or limits of the district or overlay;
- (b) Identify the distinguishing characteristics of the district or overlay;
- (c) Categorize either the district or the overlay as one of the following three types:

(1) Public Realm Area

A Public Realm Area shall comprise a contiguous area of land of not less than five (5) acres and shall abut or include a publicly accessible street, walkway, park, river, or right-of-way.

(2) Public Realm Pathway

A Public Realm Pathway shall comprise a contiguous path or artery (automobile, pedestrian or river route) that is not less than one mile in length. Regulations shall apply to the street yards and building faces of the properties with frontage on the Public Realm Pathway.

(3) Public Realm Place

A Public Realm Place shall comprise a specific location of natural, historic or cultural significance or city amenity, and the

street yards of properties abutting and fronting the Public Realm Place.

- (d) Adopt Public Realm regulations for each Public Realm District or overlay after recommendation by City Planning Commission.

908.01.E Compliance with Public Realm Regulations

Within any Public Realm District, an application for a permit for new construction, enlargement of existing structure, grading or removal of vegetation shall be approved only in accordance with the Public Realm regulations adopted by the City Council for that Public Realm District.

908.02 Grandview Public Realm District

908.02.A General Boundaries

The Grandview Public Realm District is generally bounded by the property lines of properties which front or are directly adjacent to Grandview Avenue for its entire length. The general boundaries of the district extend from Sycamore Street on the east to Republic Street on the west. Specific boundaries of the district are mapped on the City's Zoning District Map.

908.02.B Objective

The intent of the Grandview Public Realm District is to create a regulatory mechanism in an area where substantial development growth is ongoing in an area of unique public exposure and importance to the City and region. The Grandview Avenue Corridor Urban Design and Development Study, adopted by the City Planning Commission in 1995, identified the need to create special regulations for the corridor, in order to address the unique development pressures and circumstances of Grandview,

where large scale development is often immediately adjacent to smaller scale residential development, and where development projects impact both a regional public environment and a neighborhood.

Specifically, the intent of the Grandview Public Realm District is:

1. To encourage new development of substantial quality, including commercial development, which shall address both the view and impacts on the regional public character of the site, as well as the neighborhood qualities of the area;
2. To protect existing residential development and encourage new residential development that is consistent with the character of the community;
3. To protect and enhance the district's highly visible and well known landscape resources, which are regionally significant;

908.02.C Grandview Project Development Plan Review and Approval
In the Grandview Public Realm District, every new or changed use of land, every building demolition, every new, enlarged or reconstructed advertising sign, every new or enlarged parking area, and every structure erected or enlarged, with the exceptions noted in the following sub paragraph, shall, in addition to conforming to any and all regulations pertaining thereto in this Zoning Ordinance, be in accord with a Project Development Plan (PDP) approved by the Commission.

1. Developments which do not require approval of a Project Development Plan are:
 - (a) Structures involving external alterations not in excess of \$100,000;
 - (b) Residential structures that are proposed to contain no more than three (3) dwelling units; and/or

- (c) Interior renovations only, except where more than one additional unit is created.

2. Plans and documents constituting Project Development Plan shall be prepared in a manner set forth in submissions requirements established by the Zoning Administrator, and shall include but not be limited to, site plans, building elevations with material descriptions, landscaping plans with types of plant materials, lighting and signage plans, and planning studies as defined in Sec. 922.10 of this Zoning Ordinance.

3. Development which is subject to Project Development Plan review and approval shall comply with all requirements specified hereunder and with all applicable standards and criteria contained in the plans and policy documents adopted by the Commission which were noted at the time of application for the Project Development Plan.

908.02.D Review Criteria
In reviewing applications for Project Development Plan review and approval, the Commission shall consider the adequacy with which the Project Development Plan addresses the following eleven (11) criteria. The Commission may refuse to approve any plan which does not adequately address one or more of these eleven (11) criteria, where the failure to meet such criteria would create a detrimental impact on the health, safety and general welfare of the community.

1. The proposed development shall address compatibility with any existing residential area, including provision for maintenance of residential uses in existing residential areas and a site plan which locates parking, loading and other servicing

functions reasonably out of sight of existing residential areas;

2. The proposed development shall make provision for adequate parking, considering available transit alternatives and support services, and make provision for adequate vehicle access and loading areas in relation to street capacity, functional classification, and land use patterns, such that any vehicular access points do not create congestion on public streets or create hazardous conditions for pedestrians;

3. The proposed development shall adequately address traffic generation characteristics in relation to street capacity, intersection classification, and existing and projected traffic volumes and address reasonable alternatives that would enable increased traffic to be directed away from residential districts;

4. The proposed development shall adequately address pedestrian traffic generation, proposed pedestrian circulation facilities and patterns, including but not limited to, provision for adequate sidewalk capacity on and off site, provision for appropriate pedestrian safety on and off site, and provision for pedestrian circulation patterns which do not substantially alter existing patterns and which enhance desired patterns where possible;

5. The proposed development shall adequately address access to public transportation facilities, including, but not limited to, provision for safe pedestrian access to and from transit stops, and pedestrian circulation patterns which encourage the use of public transit, and the provision of on site facilities for alternative means of transportation such as bicycles or van pools;

6. The proposed development shall adequately address the preservation of historic structures and significant features of existing buildings, including, if applicable, the retention and reuse of structures which are locally or federally designated historic structures, provided that such preservation requirements may be waived if the applicant shows that use of such structures and retention and reuse of structures which contribute to the character of an historically significant area is no longer economically or physically viable;

7. The proposed development shall adequately address architectural relationships with surrounding buildings, including, but not limited to, provision for appropriate building siting, massing, facade treatment, materials, proportion, and scale;

8. The proposed development shall adequately address protection of views and view corridors, including, if applicable, important views along major public streets, views from surrounding private properties, and views to and from significant public places, such as parks and other public open spaces, such that any impact on these views is minimized with the proposed development;

9. The proposed development shall adequately address the location, development and functions of open space, including, but not limited to, provision for additional open space where necessary for light and air to adjacent properties, provision for additional open space where desirable to lessen pedestrian impacts and increase safety, or maintenance of existing open spaces which serve these same purposes;

10. The proposed development shall adequately address the protection of the

environmental and ecological qualities of the site, including maintaining vegetation except that needed for construction, particularly trees of 24 inch or greater diameter, and establishing new landscaping which promotes slope stability and the use of indigenous plant materials.

11. The proposed development shall address the project's compatibility and conformance with any overall master plans or comprehensive plans approved by the City Planning Commission, which address Grandview Avenue development.

908.02.E Procedure

The procedures listed hereunder shall be followed in the review and approval of Grandview Project Development Plans.

1. The applicant shall request a preliminary review of the Grandview Project Development Plan by filing an application for preliminary review with the Zoning Administrator.

2. The Zoning Administrator shall prescribe the required form and content of application plans and documents, which may be in schematic or preliminary form and which may include a site plan, building elevations, building and site perspective drawings, information on building size, height, proposed uses, traffic generation characteristics, geotechnical information regarding site stability and potential for new construction, and other plans and information sufficient to illustrate any proposed development and its relation to adjacent buildings, streets and open spaces.

3. An application for interim review and approval of a Grandview Project Development Plan shall be filed with the

Zoning Administrator when all of the requirements contained in this chapter of the Zoning Ordinance and all applicable requirements contained in other provisions of this Zoning Ordinance have been fulfilled, including the review criteria specified in Sec. 908.02.D. The Zoning Administrator shall prescribe the form and content of plans and documents required for interim review of the Grandview Project Development Plan.

4. The City Planning Commission shall have the ability to take testimony and action on the proposed Project Development Plan at a public meeting. An Public Hearing is not required unless a petition signed by 25 residents, property owners or merchants is filed.

5. In the event that the City Planning Commission gives interim approval to a Grandview project development plan, the Commission, where applicable, shall include a description of the specific site improvements, off-site mitigation measures; and development and operating characteristics upon which its approval is conditioned, and these conditions shall be binding upon the applicant and shall be considered to be part of the project development plan.

6. The Zoning Administrator shall not authorize zoning approval of an application for an occupancy permit for a development subject to the requirements of this section until the Commission has approved the Grandview Project Development Plan.

7. If a Project Development Plan within the Grandview Public Realm District requires approval of a Conditional Use Application by City Council, such approval shall be in accordance with both the

requirements for Conditional Use Applications and with the requirements for Grandview Project Development Plan Review and Approval, and shall be filed and processed as single application. The City Planning Commission shall take action on the separate motions for the Conditional Use Application and the PDP application.

8. Following interim approval from the City Planning Commission, Special Exception approval by the Zoning Board of Adjustment and/or Conditional Use approval by City Council, the applicant shall request a final review of the Grandview Project Development Plan by filing an application for final review with the Zoning Administrator. The Zoning Administrator shall prescribe the required form of the(1) application, which shall address parking needs and minimize traffic disruptions during construction, and which also shall contain proof of adequate construction financing and an adequate construction performance bond.
